City of Warman

Our Story

Officially the fastest growing City in Canada, Warman has grown by over 55% in the past 5 years! What has fueled this growth? Quite simply, it's because Warman feel's like home! The City prides itself on being able to provide services and amenities that foster a strong and cohesive community, providing residents and visitors that feeling of home. Amenities such as our abundant amount of park space – 202 acres to be exact, our premiere 18-hole "Legends Golf Course," and our award winning Legends Centre which houses our 1100 seat arena, are major draws for visitors and provide significant benefits to our residents. From a service standpoint, our administration is proud to provide some of the highest levels of service in the province, including spring/fall alleyway cleanups and 72 hour roadway snow removal service.
