Update on data acquisition

Recent arrivals

- [Selected Language, Labour Force, Education, Income and Mobility Status Characteristics \(73\), Admission Category and Applicant Type \(13\), Period of Immigration \(15\) and Sex \(3\), 2016 Census](#)
- [Shelter cost groups \(18\), Household type \(9\), Age groups of primary household maintainer \(9\), Housing tenure including presence of mortgage and subsidized housing \(7\), 2016 Census](#)
- [Mortgage debt, 2018 Q1](#)

- [CCHS - PUMF-FMGD - 2015/2016 - Health indicator profile, two-year period estimates, by age group and sex, Canada, provinces, territories, health regions](#)

Custom T1FF tabulations will be cataloged soon.

UPDATE: There are some outstanding questions about the data that need to be answered before they can be posted.

Custom table submissions – priority list

Some changes to the priority list have been made.

Standard table submissions – priority list

Some changes to this list have been made.

Auburn: Can we submit more custom geographies for geocoding?

We will look into what the impact will be for table production. We want to accommodate any members who want tables at custom geographies but do not want to hold up table production which has already been significantly delayed.

Tables at custom geographies

Group 3: Ottawa, Sudbury, New Brunswick, Durham2

These tables should be acquired soon. We are waiting on payment from CCSD.

UPDATE: These tables have been cataloged.

Group 4: Vancouver, Nova Scotia, Winnipeg, LIP geographies, Parry Sound 2

Production should begin soon, if not started already.

Tables at custom geographies

Some changes to the priority list have been made.

Issues with T1FF orders

2016 T1FF orders (with the exception of our custom tabulations) have some errors affecting certain geographies. New standard tables will be delivered within the week and the CSD geography tables will come later in the Spring.

ACTION: send out email, post note to relevant catalogue entries

UPDATE: email was sent, catalogue entries were unpublished so that they could not be used, standard tables have been updated with corrected versions

Immigration Data Panel Discussion - May 15 (Wednesday)

The CDP is looking for participant for this panel discussion.

UPDATE: It looks like we have someone for this discussion.

Day/Time: Wed. May 15/19 – 1:30-3:00 p.m.

Moderator: Michel Frojmovic

Panelists:

- ~~1. Mike Ditor, CDP – Measuring immigration and refugee trends in Canada~~
2. Sharon Stroick, CLIP – Demonstration of the Prairies and Northern Territories reporting dashboard (used by 17 LIPs)
3. Naomi Lightman, UC NRN – Use of CCHS microdata for local immigration research (including how the RDC was accessed) and highlights of the report, A Profile of Immigrant Health in Calgary; Plan B: If she isn't available (she splits her time between Calgary and Toronto), another University of Calgary Newcomer Research Network member who is using data in some way
4. Judy Sears, IRCC – The map she is creating showing the distribution across Calgary of newcomers who are taking any language training program (presumably programs funded by IRCC).

Tentative format: 15 minutes per panelist and then 15 minutes for moderated Q&A/discussion & 15 minutes for a health break

Outstanding Action Items

- Modest income table
- Child care costs into CPP table
- 2021 Census of Population Dissemination Consultation
- Evaluation of ordering process and of DPAWG activities
- IMDB and LAD data requests
